

NEWS FLASH !!!

RED ALERT !!!

The tornado that you all heard about spinning through the East Rand on Sunday night, found its way to TCC.

It ripped through the foreshore boat parking, tossing boats all over with one boat with trailer, in particular, being thrown over 50 metres. Boats were lifted (again with trailer) and dumped on top of other boats; boats were flipped; boats were turned upside down; a trampoline went bye-bye and a couple of masts were totally bent.

See the pics attached to appreciate the carnage we found on Monday morning.

We have done what we can to restore some semblance of order out of the chaos, but would *strongly* recommend that you come to the club and check on the condition of your boat.

A number of caravan sites (especially on the western side) were also damaged - mostly shadecloth, but some wendys as well. Please come and check your site and make good whatever damage there is.
