

## ATTENTION : ALL MEMBERS !! MOVING OF BOATS FROM FORESHORE

At a meeting of your Executive Committee, it was decided that all boats that have not been used for some time, will be moved to the trailer park which will be fenced and gated for security purposes.

The reasons for this decision are as follows :

- By having fewer boats on the foreshore the area will be considerably easier to maintain, thereby preventing damage to your boats when they have to be moved to mow the grass and eradicate the weeds
- Boats have been parked in bays not allocated to them and, if there is a problem, Management is not able to establish who the member is
- The foreshore is starting to look like a dump site, which is not appealing to either members or visitors.

Should you be a frequent user of your boat and it has been moved, please contact the office and we will re-allocate you a bay on the foreshore
