First Regatta of the Ultra Class Spinnaker Series at LDYC

TCC Newsletter June 2011
Page 2.

After having been caught by the Hobie-Event bug in Mossel Bay in April, the next event on our sailing schedule was the inaugural Ultra Regatta for cats with spinnaker at Lake Deneysville. Our Hobie 16 was beefed up with a sizzling new orange spinnaker to compliment my knowledgeable crew who can handle such beast with gloves. Intimidating emails of committed race competitors circulated in the days leading up to the event, and promised a fiercely contested regatta. Unfortunately, with almost no wind on Saturday the last race dragged into sunset, and many cats needed to be towed in.

Sunday, however, was a great new sailing experience with occasional white caps and serious gusts. The massive bag makes an already overpowered Hobie 16 an even more unpredictable cat (at least to us at this stage) and one gets the feeling of riding on some dynamite, ready to explode any time with unknown consequences. Fortunately, no damage to equipment nor injuries to sailors occurred. We were the only Hobie 16 in the regatta, and our best finish was 6th out of 10, among some exquisite Nacra Inter F20s, Multi 23s, Tornado Sports in the fleet as well as Hobie Tigers, who got first and second place overall. The next Ultra Class Spinnaker Series will be held in August, again at LDYC and we will be there again with dynamite and camera. What a blast!

PUDDLE PIRATES CLUB

Kindly contributed by Kyle Boman

The pirates went sailing on Hobies and Halcats to unknown land. This land is on the other side of the dam. This adventure took place one Saturday in June, after an interesting talk by Iuan.

While we were sailing in light wind we joined our boats together with ropes, making a train. When we arrived at our unspoilt land, we were greeted by a herd of buck and an ostrich. The bird was quite inquisitive as it came to us at the shore. It got a fright and trotted away as the sails swung around on the boats, in the wind and sunshine.

Julie, uncle Piet, and Laura were on the committee boat, riding with us. Julie kindly provided soft drinks for us, which she threw into the water for us to retrieve as treasure. (THANKS JULIE)

When sailing back to TCC, the wind had picked up. We started flying hulls and trapezing across the dam. We can't wait for the next club sailing week-end when we can all meet again. For all the youth (peeps) out there who are looking for a fun time, you know where to find some entertainment. You are more than

welcome to join us.

SEE YOU ON
